

Ranvilles Junior School: Sport Premium Funding

Department for Education Vision for the Primary PE and Sport Premium:

ALL pupils leaving primary school physically literate and with the knowledge, skills and motivation necessary to equip them for a healthy, active lifestyle and lifelong participation in physical activity and sport.

The government has been providing additional funding for schools since 2013 to improve provision of physical education (PE) and sport in primary schools. This funding - provided jointly by the Departments for Education, Health and Culture, Media and Sport - is ring-fenced and therefore can only be spent on provision of PE and sport in schools. It is expected to continue until 2020.

Schools must spend the additional funding on improving their provision of PE and sport, but have the freedom to choose how they do this. Below is an overview of how we will use the funding for the academic year of 2016 – 17.

At Ranvilles Junior School we know that PE plays an important role in the development of our children. We appreciate that PE leads to improved fitness, health and well-being, concentration, attitude and academic achievement. We have linked PE to our creative curriculum and provide opportunities for children to have a clear purpose and appreciation of the significance of sport.

In alignment with our STARS philosophy (which underpins social, moral, spiritual and cultural practice) we plan opportunities for children to:

★ Safe STAR	<ul style="list-style-type: none"> • Recognise the direct link between sport and health to develop a healthy life-style • Explore and examine the impact of fitness on the human body in Science • Identify food types to support a healthy life-style
★ Talents & Interest	<ul style="list-style-type: none"> • Celebrate individual's achievements in and out of school on a weekly basis in assembly • Excel at local and national levels • Participate in a range of clubs and extra-curricular activities
★ Achieve & Learn STAR	<ul style="list-style-type: none"> • Achieve their very best – through differentiation reflective of their ability • Benefit from the expertise of specialists to enhance internal provision • Use a wide range of resources to enhance pupil performance • Compete and enjoy
★ RRR STAR	<ul style="list-style-type: none"> • Develop in pupil leadership positions, responsible for acting as effective role models valuing each other and the resources used in school • Lead as House Captains and Deputies
★ Social Skills STAR	<ul style="list-style-type: none"> • Compete in weekly 'House' competitive sports games to challenge and develop achievement and interpersonal skills through teamwork • Learn to co-operate and collaborate as a team and promote leadership skills • Build their self-esteem

Through PE children can develop Ranvilles' values of: challenge, reflection, perseverance, creative thinking, co-operation and collaboration and independence. We aim to encourage a lifetime love of sport and keeping fit and encourage children to be the best that they can be.

The current provision at Ranvilles Junior School has been reviewed and evaluated. Based on this analysis current aims identified in the PE Action Plan are to:

- 1) Improve whole school participation; widen children's experiences and provide more opportunities for children to compete in local competitions.
- 2) Create opportunities for Junior Sports leaders to model and coach – take the responsibility for leading elements of P.E.
- 3) Ensure children are physically active for sustained periods of time and lead healthy, active lives.
- 4) Improve the PE provision in order to develop children's competence to excel in a broad range of physical activities.
- 5) Further improve equipment to ensure sustainability.

Spending the funding

At Ranvilles we want to provide the children with more opportunities to take part in local sporting festivals and other competitive sports opportunities. As part of the Fareham School Games group we have the opportunity to take part in a wide variety of sporting events throughout the year and the funding will enable us to release teachers to accompany pupils to these events during the school day. Some of the events included are:

- Year 3/4 Tag-Rugby
- Year 5/6 Girls Football
- Year 5/6 High Five Netball
- Year 3/4 and Year 5/6 Swimming Galas
- Year 5/6 Kwik Cricket
- Year 5/6 Tennis

By doing this we are meeting our target of improving whole school participation and providing more opportunities for children to compete in local competitions.

Teacher Training

It is our aim at Ranvilles to provide high quality teaching across all areas of the curriculum and as part of this aim some of the funding will be used for staff training. To ensure that this target is met we will use some of the sport premium funding to buy in a qualified BG coach to train our staff further in this area. This will enable all the children to receive high quality Gymnastics teaching and as a result will provide us with the opportunity to enter local Gymnastics tournaments.

Further training/support will be offered to non-specialists for other sports to ensure lessons are planned to meet the needs of a wide ability range.

Qualified Coaches

We will also be using the funding to pay for a qualified sports coach to provide further opportunities for children to participate in after school clubs. In addition to the football and netball clubs we currently run, we intend to offer a wider variety of sports aimed at all year groups. Furthermore we would like to set up and run clubs that challenge some of the less active pupils in our school to get active and learn about the benefits of a healthy lifestyle.

Resources

Surplus funding will continue to support the range of competitive sports opportunities we are able to engage with, develop our facilities to enable more competitive sports opportunities, purchase resources to support teachers' planning and help us to replace older PE equipment. It will also allow us to provide a variety of events on both Fun Sports Day and Competitive Sports day enabling more children to take part and be involved. Additional resources will be purchased to provide regular opportunities for children to participate in physical activity improving their overall well-being and promoting a healthy lifestyle.
