4. INTRODUCTION

The school requires that all staff, as defined below, have read and comply with this Code of Conduct. Where clarification is needed on any aspect of this document, this should be sought from the Headteacher.

Breach or failure to observe the provisions of this document may lead to action being taken under the school disciplinary procedure.

This document is available to all staff from the school website as well as being provided on induction to all new members of staff.

The Code of Conduct is not exhaustive in defining acceptable and unacceptable standards of conduct and behaviour and in circumstances where guidance does not exist individuals are expected to use their professional judgement and act in the best interests of the school and its pupils.

The Code of Conduct applies to:

- all members of staff, including teaching and support staff;
- volunteers, including governors;
- casual workers;
- temporary and supply staff, either from agencies or engaged directly;
- student placements, including those undertaking initial teacher training, and apprentices.

References to 'staff' throughout the Code refers to all the above groups.

The Code of Conduct exists in addition to Hampshire County Council's [Local Government Code of Conduct](#).

5. REFERENCES

This policy meets the schools requirement's under the Keeping Children Safe in Education document.

6. PROFESSIONAL STANDARDS AT WORK

6.1 Standards of personal and professional conduct

Staff are expected to demonstrate the highest possible standards of personal and professional conduct and behaviour and consistently act with honesty and integrity. The school expects staff to treat each other, pupils, parents and the wider school community with dignity and respect at all times.

6.2 Regard to ethos and values of the school

Furthermore, staff must have regard for the ethos and values of the school as well as its policies and procedures and act in accordance with these at all times, including in their dealings with those who come into contact with the school e.g. visitors.

6.3 Duty of care

Staff must act in accordance with their duty of care to pupils and ensure that the safety and welfare of the children and young people at the school are accorded the highest priority. In this and other ways staff should always maintain standards of conduct and behaviour which sustain their professional standing and that of the school.

6.4 Teachers' professional standards

Teachers are reminded of, and are expected to uphold, their wider responsibilities as set out in the [Teachers' Standards](#), including an understanding of, and acting within, the statutory frameworks which set out their professional duties and responsibilities.

7. SAFEGUARDING

7.1 Statutory and moral duty

Ranvilles Junior School recognises its statutory and moral duty to safeguard and promote the welfare of pupils and understands that staff play a vital role in meeting these responsibilities. Staff must be aware of their individual safeguarding responsibilities, including to provide a safe environment in which children can learn, to be aware of the signs of abuse and neglect, to identify children who are suffering, or are likely to suffer, significant harm and to take appropriate action in such cases to prevent concerns from escalating.

7.2 Awareness and use of systems and key roles

All members of staff must be aware of the school's systems for supporting child safeguarding, including the role of the school's Designated Safeguarding Lead (DSL – often referred to as the Child Protection Liaison Officer (CPLO)).

In this school the DSL is Angela Williams, Headteacher and CPLOs supporting this role are:

- Clare Slowther, Deputy Headteacher
- Jenny Johnson, Deputy Headteacher
- Gayle Wallace, SenCo

Concerns about the welfare of a child must be raised without delay to the school's DSL or CPLO in the first instance. There should be no delay in reporting a concern if there is risk of immediate serious harm to a child.

7.3 Knowledge of the Child Protection Policy

Staff should be familiar with the school's child protection policy, which is available to all staff through the school website. All staff will receive appropriate child protection training and will be provided with guidance on child safeguarding as part of their induction to the school.

7.4 Awareness of Keeping Children Safe in Education publication

In accordance with the statutory guidance published by the Department for Education '[Keeping Children Safe in Education](#)' required to read Part One '[Safeguarding information for all staff](#)' and will be provided with a copy as part of their induction to the school. The full document is available via the above link or from www.gov.uk

7.5 Further information for staff

Further information is found in '[Keeping children safe in Education](#)' and in the guidance document provided by Hampshire County Council '[The avoidance of unnecessary contact and allegations](#)' (links to Intranet access for Hampshire school staff)

8. APPROPRIATE RELATIONSHIPS

8.1 Relationships with pupils

Individuals who work or volunteer in a school environment are in a position of trust. Staff should be mindful of the need to maintain professional boundaries appropriate to their position and must always consider whether their actions are warranted, proportionate, safe and applied equitably.

Staff should act in an open and transparent way that would not lead any reasonable person to question their actions or intent. Staff should think carefully about their conduct so that misinterpretations are minimised.

Staff must avoid unnecessary physical contact with children. Where physical contact is essential, e.g. for safety reasons, the pupil's permission must be gained for that contact wherever possible. If physical contact is made to remove a pupil from a dangerous situation or an object from a pupil to prevent either harm to themselves or others, then this should be recorded and reported to the DSL or CPLO. In cases where accidental physical contact was made, it should be reported to DSL or CPLO. In all cases staff should act in accordance with Hampshire County Council's Physical Intervention Policy which has been adopted by the school.

8.2 Parents

Staff are expected to interact with parents in a polite and respectful manner and recognise parents' entitlement to express any concerns they may have about their child's learning, safety or wellbeing.

Staff should avoid discussing school matters with parents outside school if approached and should instead refer the parent to the normal school communication channels.

9. USE OF IT INCLUDING SOCIAL MEDIA

Internal e-mail and internet systems must be used only in accordance with the school's acceptable use of ICT policy which can be found on the school website.

Social networking sites offer the opportunity for communication with children, young people and their parents outside normal professional boundaries.

School staff must take care to protect their privacy and protect themselves from risk of allegations in relation to inappropriate relationships and cyberbullying. Staff must not develop or maintain online relationships with parents or pupils through social networking sites, instant messaging or other media, whether this is through school or personal IT facilities.

The school's acceptable use of ICT policy provides further advice on acceptable and unacceptable use of IT, social media and mobile phones.

10. CONFIDENTIALITY AND DISCLOSURE OF INFORMATION

Staff must ensure that they do not disclose confidential information to anyone who does not have the right to receive it. Where information is disclosed this should be in line with the principles of the Data Protection Act 1998.

Equally staff should not prevent another person from gaining access to information to which that person is entitled by law. If there is doubt about whether or not to share information, advice must be sought from a member of the senior leadership team.

Information obtained during the course of an individual's work should never be used for personal gain or benefit, nor should it be passed onto others who might use it in such a way.

School staff should abide by the school's policies on Data Protection and Confidentiality.

11. DRESS AND APPEARANCE

An individual's dress and appearance is a matter of personal choice; however, staff should ensure that they dress appropriately, decently and safely for a school environment and for the role they undertake, as well as setting a good example to both pupils and visitors.

Staff should have particular regard to the health and safety risks involved with certain lessons i.e. physical education/food technology and the need to dress appropriately and safely when undertaking these activities, such as wearing appropriate footwear, removing jewellery etc.

The school recognises the diversity of cultures and religions of its staff and will take a sensitive approach when this affects dress and uniform requirements. However, priority will be given to health and safety, security and other similar considerations of other staff, pupils and the school.

12. EQUAL OPPORTUNITIES

The Governing Body of the school is committed to equality for all in the appointment, development, training and promotion of staff, and in all dealings with pupils and parents of the school. It also recognises that all members of staff have the right to work in a safe environment without fear of discrimination, harassment or abuse.

All pupils, colleagues, parents, members of the public and wider school community have the right to be treated with fairness and equality and must

not be discriminated against. The school expects staff to uphold these principles and to meet the requirements of the School's Equality Policy available on the school website.

13. CONDUCT OUTSIDE WORK

Care should be taken by staff to avoid any conflict of interest between activities undertaken outside school and responsibilities within school. In no case should outside activities bring the school into disrepute.

Where staff are in doubt as to whether there is a conflict of interest advice must be sought from a member of the senior leadership team.

14. DECLARATION OF INTERESTS

14.1 Declaration of interests

Staff should consider carefully whether they need to declare to the school any relationship with an individual where this might cause a conflict with the school's activities, for example, a relationship with a Governor, another staff member or a contractor who provides services to the school. Where such a declaration is necessary this should be made to the Headteacher.

14.2 Additional work

Individuals employed at the school may undertake work outside school, either paid or voluntary, provided it does not conflict with the interests of the school nor be at a level which may contravene the Working Time Regulations or affect an individual's performance at work.

14.3 Governor Declarations

Governors will be required to complete the register of interests and make a declaration regarding any interests relevant to agenda items at each meeting.

15. WHISTLEBLOWING

15.1 Public Interest Disclosures

The Public Interest Disclosure Act 1998 (as amended) gives protection to people who disclose reasonable concerns about serious misconduct or malpractice at work. This is sometimes known as Whistleblowing. The Governing Body of the school will treat all matters of malpractice very seriously and allegations about such matters will be dealt with quickly and with appropriate confidentiality.

Staff should acknowledge their individual responsibilities in bringing matters of concern to the attention of senior leadership in the school. This is particularly important where the welfare of children may be at risk.

15.2 Procedure

A clear procedure is provided for staff to raise issues with the purpose of assisting in reducing the risk of serious concerns being mishandled, whether

by the individual or by the school. Please refer to the school's Procedure for Protected Disclosures (Whistleblowing) for further information, as available on the school website.

16. HEALTH AND SAFETY

Staff must adhere to the school's Health and Safety policy and should ensure that they take every action to keep themselves and others in the school environment safe.

Further information on duties and obligations is available in the Health and Safety Policy on the school website.

17. GIFTS AND HOSPITALITY

There may be occasions where children or parents wish to pass small tokens of appreciation to staff, for example as an end of year 'thank-you', and this is acceptable. However, it is unacceptable to receive gifts on a regular basis or of any significant value or to suggest to pupils that gifts would be appropriate or desired. Money should never be accepted as a gift.

It is not acceptable for staff to give gifts to pupils and any rewards given to children must be given in agreement with the reward practice of the school as specified in the School's Behaviour for Learning Policy.

Staff should not solicit or accept any gift, hospitality or other reward from external parties which influences the way in which they carry out their duties or leads the giver to expect preferential treatment.

18. USE OF SCHOOL RESOURCES AND FUNDS

The use of school resources, property and equipment is for school-related activities only, except where otherwise agreed.

All members of staff must use any public or school funds entrusted or handled by them in a responsible and lawful manner.
