

Ranvilles Junior School Policy for Health and Safety

1. ACCESSIBILITY

This policy is available in large print or Braille.
Please contact the school office who will be happy
to arrange this for you.

2. PURPOSE OF POLICY

The purpose of this policy is to set out a plan for how health and safety is managed and organised, and to ensure that employees, are aware of all their responsibilities and the arrangements in place to ensure safe levels of health and safety. Where post titles are referred to, Appendix 1 provides details of the names of the post holders concerned.

3. APPROVAL

Approval date: January 2023

Approver signature: Amanda Stevens

Approver position: Chair of Governors

Date for next review: January 2025

4. INTRODUCTION

It is our policy to carry out activities to ensure, so far as is reasonably practicable, the health, safety and welfare of our pupils, employees and all persons likely to be affected by our activities. We will co-operate and co-ordinate with partnerships, contractors, sub-contractors, employers, Hampshire County Council departments and the occupiers and owners of premises and land where we are commissioned to work in order to pursue our Health and Safety Policy aims.

5. REFERENCES

This policy has been drafted using guidance provided by Hampshire County Council Children's Services Department.

This policy links to numerous other policies, procedures and documents which are either available on the school website or on request from the school reception, including:

- Administration of Medicines Policy
- Child Protection Policy
- Emergency Evacuation Plan
- Fire Safety Manual
- First Aid Policy
- Physical Intervention Policy
- Site Safe Parking Policy
- Lone Working Procedures

6. PRINCIPLES

Our aims are to:

- Provide and maintain a safe and healthy working environment ensuring the welfare of all persons
- Maintain control of health and safety risks arising from environmental factors and our activities
- Comply with statutory requirements as a minimum standard of safety
- Consult with all staff on matters affecting their health, safety and welfare
- Provide and maintain safe systems, equipment and machinery
- Ensure safe handling, storage and use of substances
- Provide appropriate information, instruction and supervision for everyone
- Ensure staff are suitably trained and competent to do their work safely
- Continually develop a safety culture to remove or reduce the possibility of contagion, accidents, injuries and ill-health
- Assess risks, record significant findings and monitor safety arrangements
- Review and revise safety policies and procedures periodically and when circumstances may introduce a requirement to amend or improve arrangements
- Develop and maintain a positive health and safety culture through regular communication and consultation with employees and their representatives on health and safety matters

Our health and safety management system has been developed to ensure that the above commitments can be met. All staff and governors will be instrumental in its implementation.

7. CONTENT

7.1 Organisation

7.1.1 Employer Responsibility

The overall responsibility for health and safety at Ranvilles Junior School is held by Hampshire County Council who will:

- Ensure that health and safety has a high profile
- Ensure adequate resources for health and safety are made available
- Consult and advise staff regarding health and safety requirements and arrangements
- Periodically monitor and review local health and safety arrangements

7.1.2 Responsible Manager

The responsible manager for the premises is the Headteacher who will ensure that:

- A safety culture throughout the school is developed and maintained
- Staff are consulted and provided with information, training and instruction so that staff are able to perform their various tasks safely and effectively
- Risk is assessed and controlled on the premises as part of everyday management
- A safe and healthy environment is provided along with suitable welfare facilities
- Operational decisions regarding health and safety are made
- Periodic safety tours and inspections are carried out
- Significant hazards are assessed and risks are managed to prevent harm
- Staff are aware of their health and safety responsibilities
- Governing bodies are periodically updated
- All local safety policies and procedures are produced, monitored and reviewed

7.1.3 All Staff (including volunteers)

All staff has a statutory obligation to co-operate with the requirements of this policy and to take care of their own health and safety and that of others affected by their activities by:

- Supporting the school health and safety arrangements □ Ensuring their own work area remains safe at all times
- Not interfering with health and safety arrangements or misusing equipment
- Complying with all safety procedures, whether written or verbally advised, for their own protection and the protection of those who may be affected by their actions
- Reporting safety concerns to their staff representative or other appropriate person
- Reporting any incident that has led, or could have led to damage or injury
- Assisting in investigations due to accidents, dangerous occurrences or near-misses
- Not acting or omitting to act in any way that may cause harm or ill-health to others

7.1.4 Site Manager

The Site Manager is responsible for undertaking a wide range of typical health and safety related duties on behalf of, and under the direction of the Headteacher. They are to work within the parameters of any provided training and in accordance with risk assessments and the on-site safe working practices. They are to work within their level of competence and seek appropriate guidance and direction from the Headteacher and/or the Children's Services Health & Safety Team as required.

7.1.5 On-Site Health & Safety Co-ordinator/Officer

The Site Manager, acts as the on-site health & safety officer to the school and will manage, advise and co-ordinate local safety matters on behalf of, and under the direction of the Headteacher. They will work within their level of competence and seek appropriate guidance and direction from the responsible Headteacher and/or the Children's Services Health & Safety Team as required.

7.1.6 All Teachers & Supervisors

The responsibility of applying local safety procedures on a day-to-day basis rests with the teachers and supervisors. Where any new process or operation is introduced in the area of their responsibility, they are to liaise appropriately so that the associated risks are assessed and any precautions deemed necessary are implemented. They are to ensure that all new members of staff under their supervision are instructed in their own individual responsibilities with regards to health and safety, and they will appropriately monitor those new staff. They are to make periodic inspections of their areas of responsibility, taking prompt remedial action where necessary to control risk.

7.1.7 Full Governing Body

The Full Governing Body acts to assist in the assessment of safety related matters and provide appropriate support to the Headteacher. The Full Governing Body is to periodically meet to monitor and discuss on-site health and safety performance, and recommend any actions necessary should this performance appear or prove to be unsatisfactory Full Governing Body will be kept informed of all changes in practices and procedures, new guidance, accidents, incidents and risk related matters.

The safety committee consists of Full Governing Body and the Headteacher and they meet every half term (Governors). The Site Manager will attend the committee on an as required basis.

7.1.8 Fire Safety Co-ordinator

The Site Manager is the fire safety co-ordinator who is the competent person for fire safety on the premises and acts on behalf of the Headteacher. They are to attend the fire safety co-ordinator training course and refresh this training every three years. The fire safety co-ordinator is responsible for the local management and completion of day-to-day fire safety related duties and upkeep of the fire safety manual.

The fire safety co-ordinator is to work within their level of competence and seek appropriate guidance and direction from the Headteacher and/or the Children's Services Health & Safety Team as required.

7.1.9 Facilities Management Trained Staff

The Site Manager is the competent person for the overall management of general premises facilities and acts on behalf of the responsible manager. They are to attend appropriate training courses and refresh these training courses as necessary. They are responsible for the local management and completion of day- to-day premises matters and duties. They are to work within his level of competence and seek appropriate guidance and direction from the Headteacher and/or the Children's Services Health & Safety Team as required.

7.1.10 Health & Safety Representative

The Site Manager is the premises health and safety representative (whether a member of staff who is union appointed, or non-union and locally nominated) will represent the staff with regard to their health and safety at work. They are expected to promote a positive safety culture throughout the premises and carry out the health and safety duties appropriate to their role in accordance with current guidance and legislative requirements.

7.1.11 Legionella Competent Person

The Site Manager is the nominated competent person for Legionella on the premises and acts on behalf of the Headteacher to provide the necessary competence to enable Legionella to be managed safely. The Site Manager, and Headteacher are endorsed as Legionella competent through attendance at relevant training. The Site Manager is to annually complete the Legionella e-learning course and all training records are to be retained. The Site Manager will ensure that all periodic and exceptional recording, flushing, cleaning and general Legionella management tasks are correctly completed and recorded in accordance with departmental and corporate requirements. They will advise the Headteacher of any condition or situation relating to Legionella which may affect the safety of any premises users. They are to work within their level of competence and seek appropriate guidance and direction from the Headteacher and/or the Children's Services Health & Safety Team as required.

7.1.12 Asbestos Competent Person

The Site Manager is the nominated competent person for asbestos on the premises and acts on behalf of the Headteacher to provide the necessary competence to enable asbestos to be managed safely. They are to annually complete the asbestos e-learning course and all training records are to be retained.

The asbestos competent person will ensure that all staff have a reasonable awareness of asbestos management and dangers. They are to ensure that the appropriate staff are competent in the use of the asbestos register and that asbestos is managed in accordance with departmental and corporate requirements. They will advise the Headteacher of any condition or situation

relating to asbestos which may affect the safety of any premises users. They are to work within their level of competence and seek appropriate guidance and direction from the Headteacher and/or the Children's Services Health & Safety Team as required.

7.1.13 Accident Investigator

The on-site trained accident investigator is the Site Manager who will lead on all accident investigations as directed by the Headteacher in accordance with departmental and corporate procedures.

7.2 Arrangements

The following arrangements for health and safety have been developed in accordance with the Management of Health and Safety at Work Regulations 1999. These arrangements set out all the health and safety provisions for Ranvilles Junior School and are to be used alongside other current school procedures & policies.

In carrying out their normal functions, it is the duty of all managers and staff to act and do everything possible to prevent injury and ill-health to others. This will be achieved so far as is reasonably practicable, by the implementation of these arrangements and procedures.

7.2.1 Accident/Incident Reporting & Investigation

The on-site management, reporting and investigation of accidents, incidents and near misses is carried out in accordance with departmental and corporate policy requirements.

Any accident, incident or injury involving staff, visitors or contractors is to be reported and recorded in the HCC Accident Report Book held in main school office. A copy of the completed form is to be forwarded to the Children's Services Health & Safety Team in accordance with Children's Services Safety Guidance Procedure SGP 17-07.

Minor accidents to pupils are to be recorded on to the school's electronic 'Medical Tracker System'.

Accidents involving children locally considered to be of a more serious nature than the minor incidents are to be recorded on a CSRF-003 School Accident Internal Report Form which is to be retained on site.

The more serious accidents that require notification to the Health & Safety Executive (HSE) are to be reported using the F2508 Report Form and a copy is to be forwarded to the Children's Services Health & Safety Team.

All significant accidents, incidents and near-misses are to be immediately reported to the Headteacher. The trained accident investigator is to always conduct a documented investigation into more serious incidents. The purpose and intended outcome of the investigation is to identify the immediate and underlying causes of the accident so as to be able to implement appropriate measures to prevent reoccurrence.

The school's accident investigation report tool is to be used for the recording/reporting of investigations. The Headteacher will ensure that the governing body and senior management is appropriately informed of all incidents of a serious nature. All accident/incident reports will be monitored by the Headteacher and Governing Body for trend analysis in order that repetitive causal factors may be identified to prevent reoccurrences.

Premises hirers and community/extended service/third party users must report all incidents related to unsafe premises or equipment to the school staff, who will appropriately report and investigate each incident. Incidents related to the user's own organised activities are to be reported by them in line with their own reporting procedures.

7.2.2 Administration of Medicines

Arrangements regarding medicines are set out in the Administration of Medicines Policy.

7.2.3 Asbestos Management

Asbestos management on site is controlled by the asbestos competent person. The asbestos register as issued by PBRS is located at the main office and is to be shown to all contractors who may need to carry out work on site. Contractors must sign the register as evidence of sighting prior to being permitted to commence any work on site.

Any changes to the premises' structure that may affect the asbestos register information will be notified to PBRS in order that the asbestos register may be updated accordingly.

Under no circumstances must staff drill or affix anything to walls that may disturb materials without first checking the register and/or obtaining approval from the competent person.

Any damage to any structure that possibly contains asbestos, which is known or identified during inspection, should be immediately reported to the Headteacher and/or the asbestos competent person who will immediately act to cordon off the affected area and contact the PBRS Asbestos Team for guidance. Any contractor suspected to be carrying out any unauthorised work on the fabric of the building should be immediately stopped from working and immediately reported to the Headteacher and/or asbestos competent person.

7.2.4 Child Protection

Arrangements regarding child protection are set out in the Child Protection Policy.

7.2.5 Community Users/Lettings/Extended Services

The Headteacher will ensure via delegation to the School Business Manager/Site Manager that:

- Third parties and other extended service users operate under hire agreements□
- A risk assessment for the activity is completed using RATF-047A or RATF-047B□
- The premises are safe for use and are always inspected prior to, and after each use□
- Means of general access and egress are safe for use by all users□
- All provided equipment is safe for use□
- Fire escape routes and transit areas are safe and clear of hazards□
- Hirers/users are formally made aware of fire safety procedures and equipment□

7.2.6 Contractors on Site

HCC approved contractors will typically be used for contractual work on the premises. Where non-HCC approved contractors may be required or selected for use then appropriate safe selection procedures are to be used to ascertain competence prior to engaging their services. The departmental CSAF-013 Safe Selection of Contractors Checklist is to be used to determine competence of non-HCC contractors who will require adequate risk assessments to demonstrate their safe working practices for specific work being undertaken.

All contractors must report to main reception where they will be asked to sign the visitors book and asbestos register, and will be given a copy of fire procedures and the school layout. All contractors must be issued with the local written contractor induction brief that includes all relevant details of fire safety procedures & local safety arrangements.

Host staff are responsible for monitoring work areas and providing appropriate supervision, moreso where the contractor's work may directly affect staff and pupils on the premises.

7.2.7 Curriculum Activities

All safety management and risk assessments for curriculum based activities will be carried out under the control of the relevant school leaders and class teachers using the appropriate codes of practice and safe working procedural guidance for Design & Technology, Science, Music, Physical Education & Sport, Art, Swimming and Drama as issued by CLEAPSS, HIAS and Hampshire County Council. Subject Leaders and class teachers will be responsible for local risk management and ensuring that maintenance of equipment and premises in their areas of the curriculum are managed safely following the appropriate guidance.

7.2.8 Display Screen Equipment

All qualifying users must complete the display screen equipment e-learning course every year without exception. All qualifying users must carry out periodic workstation assessments using CSAF-001 Workstation Assessment Form. Workstation assessments will be actioned as necessary by line managers and routinely reviewed at intervals not exceeding three years.

7.2.9 Electrical Equipment

The Headteacher will ensure via delegation to the Site Manager that:

- Only authorised and competent persons are permitted to install or repair equipment□
- Where 13-amp sockets are in use, only one plug per socket is permitted□
- Equipment is not to be used if found to be defective in any way□
- Defective equipment is to be reported & immediately taken out of use until repaired□
- All portable electrical equipment will be inspected/tested at intervals of one year□
- Equipment testing/inspection can only be carried out by a competent person.□
- The competent person to be used is the Site Manager/ certified contractor□
- Private electrical equipment is not to be brought onto the premises or used unless its use is approved by management and it has been tested□
- New equipment must be advised to the Site Manager in order that it can be added to future PAT testing schedules□

Any defective or suspected defective equipment, systems of work, fittings etc must be reported to reception and the Site Manager and attended to as soon as possible.

7.2.10 Emergency Procedures

General emergency evacuation for non-fire related emergencies is to be carried out in accordance with the school emergency evacuation plan. The school has a fire emergency plan for fire related emergencies and an emergency evacuation plan for all non-fire emergencies.

All staff will receive a brief and/or a copy of the emergency evacuation plan at induction, and they will be periodically provided with updated information as the emergency evacuation plan is routinely reviewed and amendments are introduced.

Personal Emergency Evacuation Plans are to be completed, provided and exercised for any vulnerable persons to be able to ensure safe, assisted evacuation in the event of an emergency incident.

7.2.11 Fire Safety

Arrangements regarding fire safety are set out in the Fire Safety Manual. The Site Manager is the fire safety co-ordinator and is the competent person for fire safety on the premises and is the immediate point of contact for all fire safety related enquiries on site.

The Headteacher will ensure through the fire safety co-ordinator that:

- All staff complete the mandatory fire safety induction e-learning course every year□
- Fire safety procedures are readily available for all staff to read□
- Fire safety information is provided to all staff at induction and periodically thereafter□
- Fire safety notices are posted in the key areas of the building close to the fire points□
- Evacuation routes and assembly points are clearly identified□
- Staff is aware of their own responsibilities for knowing the location of fire points and fire exits. They should also know the location of the assembly point in the event of fire□
- All staff are familiar with the flammable potential of materials and substances that they use and exercise maximum care in their use, especially with those marked flammable□
- Fire evacuation procedures, fire safety training and fire alarm testing are carried out in accordance with corporate guidance and the premises fire safety manual□
- The fire risk assessment is reviewed annually by the fire safety co-ordinator and amended as new hazards or required amendments are identified

7.2.12 First Aid

Arrangements regarding first aid provision are set out in the First Aid Policy. The names and locations of the first aid trained staff on site are listed in the first aid policy and also clearly signposted around the school.

First aid should generally be administered by first aid trained staff with in-date training and certification, operating within the parameters of their training, however all staff have a duty of care and should where possible at least:

- Inform Make the area around the casualty safe for yourself, others and the casualty.
- Monitor the casualty and/or find out what happened. Comfort the casualty
- someone else, such as the First Aider or 999 if it is an emergency

7.2.13 General Equipment

All general equipment requiring statutory inspection and/or testing on site (e.g. boilers, hoists, lifting equipment, local exhaust ventilation, PE equipment, climbing apparatus) will be inspected by appropriate competent contractors as provided by the term contractor under PBRS arrangements, or as locally arranged.

Equipment is not to be used if found to be defective in any way. Defective equipment is to be reported and immediately taken out of use until repairs can be carried out.

7.2.14 Good Housekeeping

Tidiness, cleanliness and efficiency are essential factors in the promotion of good health and safety. The following conditions are to be adhered to at all times:

- All corridors and passageways are kept free from obstruction
- Shelves in storerooms and cupboards are stacked neatly and not overloaded
- Floors are kept clean and dry, and free from slip and trip hazards
- Emergency exits and fire doors are not obstructed in any way
- Supplies are stored safely in their correct locations
- Rubbish and litter are cleared and removed at the end of each working day
- Poor housekeeping or hygiene conditions are immediately reported

7.2.15 Hazardous Substances

Hazardous substances, materials, chemicals and cleaning liquids are not permitted to be used or brought into use on site unless a documented COSHH assessment has been undertaken by the trained COSHH assessor and the product has been approved for safe use on site by the Headteacher. The premises COSHH assessor acting on behalf of the Headteacher is the Site Manager.

When using a harmful substance, whether it is a material, cleaning fluid or chemical substance, staff must ensure that adequate precautions are taken to prevent ill-health in accordance with the COSHH assessment completed for that hazardous substance. Staff must never attempt to use a harmful substance unless adequately trained to do so, and then only when using the safe working practices and protective equipment identified in the COSHH assessment.

All hazardous substances are to be stored in the secure and signed storage area when not in use which is in a locked cupboard in Year 3 for this premise. This is to remain locked at all times.

7.2.16 Inspections and Monitoring

Daily monitoring of the premises, through working routines and staff awareness, is expected to identify general safety concerns and issues which should be

immediately recorded in the premises defect book and reported to the Site Manager.

Monitoring and inspections of individual year groups will be carried out by Heads of Year and/or the class teachers as nominated by the Head of Year.

Routine documented inspections of the premises will be carried out every month in accordance with the premises monthly inspection schedule. Inspection findings are to be recorded on the locally adapted CSAF-005/CSAF-010 Monthly Premises Safety Inspection Checklist.

Defects identified during these routine documented inspections are to be immediately reported to Headteacher and Governors and recorded in the defect book. Any identified high level risks or safety management concerns are to be actioned through HCC SLA and advisers

Periodic detailed inspections of the premises' safety management system will be carried out every year by the Site Manager and Governing Body representative. These documented inspections will examine all areas of the safety management system and will be carried out using the locally adapted CSAF-004/CSAF-011 Annual H&S Inspection Checklist.

7.2.17 Kitchens

The main kitchen area is only to be used by authorised staff in accordance with the identified safe working procedures. Authority and procedures for local management of the main kitchen is through Hampshire County Council HCS3. Any persons not normally authorised but wishing to enter the kitchen area must gain approval prior to entry and must strictly adhere to the kitchen safe working practices.

Safe working procedures and authorised access for other kitchen areas, canteens, food preparation areas concur with HCC safety regulations.

7.2.18 Legionella Management

Legionella management on site is controlled by the Legionella competent person (the Site Manager) who will manage and undertake all procedures regarding Legionella in accordance with Children's Services Safety Guidance Procedure SGP 13-07. Records of all related training, flushing, temperature monitoring, cleaning and defects are to be retained for auditing purposes.

7.2.19 Lone Working

All lone working is to be approved by the Headteacher and is to be carried out in accordance with the premises lone working risk assessment and the local written procedures.

7.2.20 Moving and Handling

All staff must complete the moving and handling e-learning course every year without exception. Staff are not permitted to handle or move unreasonably heavy or awkward items, equipment or children unless they have attended specific

moving and handling training and/or have been provided with mechanical aids in order to work safely.

Any significant moving and handling tasks are to be specifically risk assessed in order that training requirements and mechanical aids can be accurately determined to ensure that the task is carried out safely. The Site Manager is expected to undertake regular physical work which would typically include significant moving and handling, so therefore They must attend a formal moving and handling course specific to the work requirements.

7.2.21 Off-site Activities

Arrangements regarding off-site activities are managed in accordance with the Outdoor Education Service's procedures and guidance.

7.2.22 Physical Intervention

Arrangements regarding physical intervention are set out in Hampshire County Councils Physical Intervention Policy which has been adopted by the school.

7.2.23 Provision of Information

The Headteacher will ensure that information systems are established so that staff are periodically provided with information regarding safety arrangements on the premises which can be accessed regularly. These systems are principally through staff meetings, INSET days, email communications, staff moodle and systems portal.

Local health and safety advice is available from the Site Manager and HCC website and the Children's Services Health & Safety Team can provide both general and specialist advice.

The Health and Safety Law poster is displayed in the staff room.

7.2.24 Risk Assessment

General risk assessment management will be co-ordinated by the Headteacher in accordance with guidance contained in the Children's Services Safety Guidance Procedure SGP 01-07.

Risk assessments must be undertaken for all areas where a significant risk is identified or a possibility of such risk exists.

The trained risk assessors on site are the Headteacher and Site Manager, they will oversee the correct completion of risk assessments as appropriate. Risk assessments will be carried out by those staff with the appropriate knowledge and understanding in each area of work.

All risk assessments and associated control measures are to be approved by the Headteacher prior to implementation.

Completed risk assessments are listed in the Risk Register and will be reviewed periodically in accordance with each risk assessment's review date as listed for

review in the premises bring-up diary system. Risk Assessments are available to all staff from the school office and on the staff moodle.

7.2.25 Security

Arrangements regarding security are based on the premises security risk assessment and are set out in the on-site security policy & procedures which include emergency unlock routines.

7.2.26 Smoking

Smoking is not permitted on the premises.

7.2.27 Stress & Wellbeing

Ranvilles Junior School is committed to promoting high levels of health and wellbeing and recognises the importance of identifying & reducing workplace stressors.

Stress management is achieved through appropriate consultation with staff and will be periodically reviewed and acted upon in accordance with the Children's Services' and Health & Safety Executive's Management Standards, guidance and requirements.

On-site arrangements to monitor consult and reduce stress situations are held both informally and formally through staff meetings, performance management reviews, and reintegration meetings.

7.2.29 Traffic Management

Arrangements regarding on-site traffic safety are based on the premises traffic risk assessment and are set out in the site safe parking policy.

7.2.30 Training

Health and safety induction training will be provided and recorded for all new staff and volunteers in accordance with CSAF-017 New Staff Health & Safety Induction Checklist.

The Headteacher is responsible for ensuring that all staff and volunteers are provided with adequate information, instruction and training regarding their safety at work. A training needs analysis will be carried out from which a comprehensive health and safety training plan will be developed and maintained to ensure health and safety training is effectively managed for all staff who require it.

All staff will be provided with the following as a minimum training provision in accordance with Hampshire County Council guidelines and RJS Induction Policy:

- Induction training regarding all the requirements of this health and safety policy
- Appropriate local training regarding risk assessments and safe working practices
- Updated training and information following any significant health and safety change
- Specific training commensurate to their own role and activities
- Periodic refresher training that will not exceed three yearly intervals
- Appropriate annual e-learning courses to meet HCC mandatory corporate training requirements

Training records are held by the Site Manager who is responsible for co-ordinating all health and safety training requirements, maintaining the health and safety training plan, and managing the planning of refresher training for all staff.

Governors will be provided with Health and Safety input commensurate with their role and involvement with the school.

7.2.31 Violent Incidents

Violent, aggressive, threatening or intimidating behaviour towards staff, whether verbal, written, electronic or physical, will not be tolerated at Ranvilles Junior School.

Staff must report all such violent and aggressive incidents to ensure that there is an awareness of potential issues and/or injuries, and so as to enable incidents to be appropriately investigated so that reasonable actions may be taken to support those involved and reduce the risk of similar incidents occurring in the future.

Violent incident reporting is completely confidential. Violent and aggressive incidents are to be reported using CSRF-001 Violent Incident Report (VIR) Form in accordance with Children's Services Safety Guidance Procedure SGP18-07.

Governors will be notified when a VIR form is completed.

7.2.32 Visitors

All visitors must initially report to the main reception where they will be provided with the key health, safety and fire safety information to enable them to act appropriately and safely in the event of an incident.

Visitors to the premises will be provided with a Ranvilles Junior badge to identify them as a visitor to the school. They will sign in, read appropriate safety information and be provided with a leaflet for their reference.

7.2.33 Work at Height

Work at height is always to be undertaken in accordance with the Children's Services Safety Guidance Procedure SGP 23-08. At Ranvilles Junior School general work at height will be undertaken in accordance with the on-site generic risk assessment for work at height which identifies general requirements and safe

working practices. Specific or higher risk tasks will be carried out in accordance with a specific risk assessment for that task.

The competent person for work at height on the premises who has attended the Caretaker Support Service Ladder & Stepladder Safety half-day course is the Site Manager and they are authorised to:

- Use steps, stepladders and leaning ladders in accordance with their training
- Provide step stool instructional training briefs to staff in accordance with SGP 23-08
- Provide stepladder and steps training to staff using the Children's Services *Stepladder & Steps Safety* user training presentation
- Carry out periodic inspections of all on-site ladders, stepladders and podium steps
- Remove access equipment from use if defective or considered inappropriate for use

The competent person for work at height and all other staff are not permitted to use any other access equipment for work at height without specific training. This includes the use of scaffolding, mobile towers and mobile elevated work platforms. Work at height on the premises is only permitted to take place under the following conditions:

- Any work to be carried out at height must be underpinned by a risk assessment
- Access equipment selected for work at height must be as per the risk assessment
- Any staff working at height must be appropriately trained to use the access equipment
- Staff are not to improvise or use alternative access methods of their own choice
- Use of any furniture, including tables and chairs, is forbidden for any work at height
- Staff may only use step stools if they have received a local instructional training brief
- Staff may only use stepladders if they have received training from the ladder and stepladder competent person
- Staff may only use leaning ladders if they have personally attended the Caretaker Support Service Ladder & Stepladder Safety half-day course within every three years
- Any safety concerns about a work at height task must be raised prior to work starting
- Access equipment used on site such as ladders and stepladders must only be that provided and are never to be lent to, or borrowed from third parties or contractors

- Contractors working at height are to be appropriately supervised and must only use their own access equipment

7.2.34 Hot Drinks

All hot drinks taken outside of the staff room will be in a lidded cup

APPENDIX 1:

STAFF/GOVERNORS WITH KEY HEALTH AND SAFETY ROLES

Headteacher Angela Williams

Site Manager Simon Williams

School Business Manager Jo Winslade

Health and Safety
Governor Responsibility
Full Governing Body Jay Allen
