<b>Year 3 Debate Focus</b>	Making a difference as an individual is more important than as a team.	Making a positive contribution in the world is your responsibility not mine.	What we have achieved in this century is more significant than the past.	What is more important, physical, social, emotional or mental well-being?	Embracing diversity enhances understanding and appreciation of the world.	I'm Ok – You're OK! Differences are good.
<b>Year 4 Debate Focus</b>	Identity and self-worth are influenced more by change than by context and culture.	Being powerful is more important than being different.	Keeping safe spiritually, mentally and emotionally is all our responsibility physically and online.	We have the right to learn from our mistakes without being judged.	Our behaviour should always positively reflect how we value others.	We are all responsible for our environment and natural world to ensure lives are impacted positively.
<b>Year 5 Debate Focus</b>	Belonging - we should all be free to move between countries.	Being remembered for making a difference is more important than making a difference.	Making a difference to the world is critical for the future.	The voice of a child is as important and valuable as that of an adult.	Being financially safe is just as important as being emotionally safe.	Learning together and from our mistakes leads to significant personal growth.
<b>Year 6 Debate Focus</b>	It is important that some personal information is in the public domain.	Change always has a positive impact.	It is possible to break the cycle of injustice.	Together we can make our world more sustainable for everyone.	Fair trade is fair.	Every individual can leave a positive legacy.
