

Weekly Learning Reflections

Week Beginning:

Happy Friday and happy Christmas holidays 😊

This week has been filled with festivities as we blurred our usual timetable to enjoy games, puzzles, challenges and fun.

A massive part of the week has been our Christmas play. Thank you for your attendance, the children were so proud of themselves coming off stage. It was brilliant to see fears overcome as every member of Year 3 took to the stage for their part. We are all very proud of them

On top of that we have tackled English tasks to solve the case of the Christmas cookie thief. Maths has seen us use break a code using mental maths skills to find the punchlines to jokes as well as crack the code to help Father Christmas get to his sleigh. They needed to solve a range of maths problems to gather the code to the key box. Thankfully, they were successful.

We have also found time to sing songs, play games, make Christmas cards and decorations. It's been a full on, fun, festive week.

★ ★ ★ STARS OF THE WEEK ★ ★ ★

Thomas was awarded the Teacher Star of the Week. Thomas has been working very hard in class especially with improving his handwriting and presentation. He is kind and always on hand to help a friend in need.

Thank you, Thomas, for always bringing the fun and laughter into Class Astute. ★ ★

The Class Star of the Week is Cohen. He was nominated by his peers because he makes everyone feel like part of the team. His peers described him as kind, thoughtful, hardworking and very funny. They said he always perseveres to be the very best he can be in everything he does. What lovely things to have said about you Cohen. Well done! ★ ★

Well done to all of our stars.

★ ★ ★

I hope that you all enjoy the Christmas break, spending time with loved ones and making memories.

See you all in 2025!

Miss Hunt 😊 and Mrs Wigmore 😊
