

Weekly Learning Reflections

Week Beginning: 24 March 2025

The week has come to a close, and the children in Victory have demonstrated remarkable dedication and perseverance in their learning. It has been a pleasure to see them embracing the challenges presented to them and striving to outdo themselves each day.

In English, Victory completed their SPAG and reading tests, showcasing their skills with determination. Although tests may not be the most thrilling aspect of school, the children approached them with quiet focus and commendable resolve.

In Maths, the focus was on graphs, where pupils interpreted pictograms and bar charts. Utilizing their addition and subtraction skills from last week, they successfully decoded information and calculated hidden details.

On Monday, Victory transformed into expert bakers, making delicious biscuits that delighted everyone. Additionally, they practised their swing in Golf, enhancing their ability to strike the ball further and in a straight line. In Science, they conducted an experiment with handmade instruments, exploring sound and composition. It has been an excellent week all round—well done, Victory!
